Language Arts: Wow! Your kids have been super busy this week writing, editing, revising, and writing some more! Their children's books are coming out awesome and we will be reading to the younger grades next Monday and Tuesday. We also took a quick review quiz on some of our ELA topics: text structure, citing evidence, inferencing, and how to use resources properly. Your kids have been working really hard and I can't wait for you to see their books come home next week.

*Please help make time for homework after school; it's so important to have time to review, read (books on level), and practice the skills that we need to master this school year.

Social Studies: The battles continue!! We continue to study the battles and reasons that led up to the American Revolution. When we get back from break, we will get into all the battles of the Revolution and end the quarter with an assessment all about their understanding of the American Revolution.

Class Novel: Sophia's War by Avi

Science: When we return from the Winter Holiday we will get started on the human body. Students will learn the main function of each system, how they interact together and how the systems helps us in our daily lives. Please know that the reproductive system will not be covered here but rather in late May. Students should be reviewing their science notes on a daily basis for 15 to 20 minutes each night.

Important Dates

- 12/19 Holiday Show @ 7pm
- 12/20 Learning Experience 2 – 3:15
- 12/21 Early Release
- 12/22 – 1/1 Holiday break

Daily Schedule

8:45-9:15 Arrival/ Morning Procedures

9:15-10:10 Block 1

10:10 – 10:55 Specials

10:55 – 12:00 Block 1

12:00 – 12:50 Block 2

12:50 – 1:20 Lunch

1:20 – 1: 50 Activity Time

1:50 – 3:10 Block 2

3:10 – 3:30 Finish class/Wrap up day

3:30-3:45 End of Day Procedures/ Dismissal

Math: Our next stop in Math is multiplying and dividing numbers with decimals. Though we worked on multiplying and dividing numbers earlier in the year now we are adding decimals to this mix! That little decimal point can really give some kids a run for their money! Please ensure that your child has a firm grasp of their multiplication facts 1 - 12.
