Language Arts: We have started digging into poetry this week, focusing on the devices, figurative language and types of poetry. We will begin dissecting poems next week.

We will also be taking a third quarter assessment in reading on Monday and Tuesday.

Book Report Due 3/29

*Please help make time for homework after school; it's so important to have time to review, read (books on level), and practice the skills that we need to master this school year.

Social Studies: As we are studying the different events and people that were involved in our Westward Expansion, the kids have been researching their chosen topic using the Big 6 research method. They will be turning in their google presentations on March 26th and presenting them throughout the week.

Westward Expansion Test is on the 28th

Science: We are studying the different weather patterns and what causes our weather to change. We have a few more lessons to complete before we start convection, conduction and radiation to wrap up our weather unit after the break.

DUE MONDAY- For the past month students have been working on a weather book report of their choosing. The report is assigned in Google Classroom and is due Monday morning. If students do not turn this in on Monday, late assignments will not be accepted.

Students should be studying nightly in Science. This is a simple review of their notes or studying key vocabulary for the unit.

Important Dates

- 3/28 3rd BJP payment due
- 3/29 is now a regular school day
- 3/30 Spring break begins
- 4/9 & 4/10 Betsy Jeff Penn field trip
- 4/16 Math 24 Club begins 2nd session
- 6/11 Moving Up Ceremony @ 10:30

Daily Schedule

8:45-9:15 Arrival/ Morning Procedures

9:15-10:10 Block 1

10:10 – 10:55 Specials

10:55 – 12:00 Block 1

12:00 – 12:50 Block 2

12:50 – 1:20 Lunch

1:20 – 1:50 Activity Time

1:50 – 3:10 Block 2

3:10 – 3:30 Finish class/ Wrap up day

3:30-3:45 End of Day Procedures/ Dismissal

Math: We have been adding and subtracting fractions and finished up this week. On Tuesday, the 27, we will have a test on those skills. The remainder of the week students will have addition and subtraction enrichment work to reinforce what we have done. When we return from Spring Break we will begin multiplying fractions.

Weekly, students have a Moby Max assignment. This week's assignment involves Fractions. When they finish the given assignment they may work on any Math concepts they feel that can use some reinforcement with. Weekly students are required to spend an hour on Moby Max Math. For students that do not complete this assignment each week they will be provided time during 'smart recess.'
